Permitting Workshop - Updates and Tips for preparing an effective Notice of Work Application

Julie Chace,
Executive Director
Regional Operations,
Mines Competiveness
& Authorizations
Division

Presented by AME and the Ministry of Energy Mines and Petroleum Resources (MEMPR).
Facilitated by One-eighty Consulting Group Inc.

This workshop will provide tips and advice on how best to prepare a Notice of Work (NoW) permit application for mineral exploration by reviewing items such as the new Natural Resources Online Services portal, the 'Explore by Location' tool, mapping standards and the new reclamation bond calculator. The session will go through a top 10 list of things a proponent can do facilitate the preparation and review of their application. MEMPR and AME will also provide an update of the activities underway to support improvements with the NoW process.

Central Mountain Caribou Engagement Session

Hillary Morgan,
Land & Resource
Specialist
Ministry of
Forests, Lands,
Natural Resource
Operations & Rural
Development

BC Government staff will provide an overview of the Central Mountain Caribou Multi-Party Committee that is currently developing and reviewing the impacts of various scenarios for Caribou habitat management.

The mining representative from the Central Mountain Caribou Multi-Party Committee will provide their perspectives on the process and this workshop will serve as a forum to share ideas and concerns about the process and next steps.
